

CHAPTER 32
MUNICIPAL BUDGET LAW

32:1 Statement of Purpose. – The purpose of this chapter is to clarify the law as it existed under former RSA 32. A town or district may establish a municipal budget committee to assist its voters in the prudent appropriation of public funds. The budget committee, in those municipalities which establish one, is intended to have budgetary authority analogous to that of a legislative appropriations committee. It is the legislature's further purpose to establish uniformity in the manner of appropriating and spending public funds in all municipal subdivisions to which this chapter applies, including those towns, school districts and village districts which do not operate with budget committees, and have not before had much statutory guidance.

RSA 32:15 III. If the meeting decides members-at-large are to be elected, the meeting shall either elect the initial members for one-year terms by means other than by official ballot, or shall authorize the moderator to appoint members to serve until the next annual meeting, as provided in RSA 669:17. Elections for staggered terms, as described in paragraph II, shall not begin until that next annual meeting, and shall be by official ballot if the municipality has adopted the official ballot system, as set forth in RSA 669.

Petition

We the undersigned residents of Antrim request that the Town of Antrim adopt the provisions of RSA 32 and establish an elected Budget Committee with the initial members to be appointed by the Moderator to serve until the next annual meeting.
